DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 16-18 are rejected under 35 U.S.C. 102(b) as being anticipated by Ellis.

Ellis teaches in the figures a collapsible ball comprising a shell comprised of a plurality of shells (3; col. 1, par. 5 – col. 2, line 26; fig. 2; also note central axis in marked copy) and a connection mechanism (5, 7).

Regarding claim 17, Ellis further teaches identical shell sections (3).

Regarding claim 18, Ellis further teaches two hemispherical shell sections (3).

Allowable Subject Matter

Claims 1-15 are allowed.

Claims 19 and 20 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Richard teaches a rebounding toy. Ducheck teaches a pop-up rolling greeting card. Pastrano teaches a disc-shaped throwing toy. Pearson, Jr. et al teaches a toy.
